

Quality Control Inspector

Job Description:

Columbus Apparel Studio is looking for a Quality Control Inspector to join our talented team of industry experts. In this position, the QC Inspector has the knowledge and skill to perform and complete tasks such as examine manufacturing processes and operational techniques of the products. This position ensures the products conform to industry, company, and consumer expectations – and do so consistently. The ideal candidate has 3+ years of experience in quality control for apparel and accessories in a production environment. The right candidate will work closely with our Production Lead and report directly to the Operations Manager.

Job responsibilities include, but are not limited to:

- Reading technical documents and specifications
- Monitoring operations to ensure that they meet production standards
- Recommending adjustments to the assembly or production process
- Inspecting, testing, or measuring materials or products being produced
- Measuring products with rulers, scales, gauges, or micrometers
- Operating electronic inspection equipment and software
- Accepting or rejecting finished items
- Removing all products and materials that fail to meet specifications
- Reporting inspection and testing data such as weights, temperatures, grades, moisture content, and quantities inspected
- Look for ways to minimize cost and maximizing efficiency with the focus on quality

Knowledge, skills and ability:

- An eye for detail, to catch defects, critical details, and construction.
- Experience with quality management systems (QMS).
- Math skills – data reporting, measuring, calibrating, and calculating specifications
- Critical thinking skills, to help work through customer problems and production issues, as well as develop strategies for improving product quality.
- Physical strength and stamina, as the job requires time on the feet.
- Ability to read specifications, technical documents, and manuals.
- A desire to achieve the best and ensure top-quality products.

Qualifications:

- Associate Degree, Bachelor's Degree or equivalent in QMS, Manufacturing Management or similar
- 3+ years of quality control experience in apparel, accessories, or textiles
- Good work ethic and positive attitude are a must
- Passion to make a difference
